General information

Type	CPU / Microprocessor
Family	AMD Athlon 64 X2
Model number ?	3600+
CPU part number	ADO3600IAASCU
Box part number	ADO3600CUBOX
Stepping codes	LBBAE, LBEBE, LFEBE
Frequency (MHz) ?	**2000+ (rated)** **2000 (real)**
Package	940-pin organic microPGA
Socket	**Socket AM2**
Introduction date	May 16, 2006
Price at introduction	$323

Architecture / Microarchitecture

Processor core	Windsor
Core stepping	F2
Manufacturing process	0.09 micron 184 million transistors
Data width	**64 bit**
Number of cores	2
Floating Point Unit	Integrated
Level 1 cache size ?	2 x 64 KB 2-way associative instruction cache 2 x 64 KB 2 way associative data cache
Level 2 cache size ?	**2 x 512 KB exclusive 16-way associative cache**
Physical memory	1 TB
Virtual memory (TB)	256
Features	▫ HNX technology ◦ 3DNow! ? ▫ SSE ▫ SSE2 ▫ SSE3 ▫ AMD64 technology ✓ ▫ Enhanced Virus Protection ?
Low power features	◇ Halt state ▫ Stop Grant state ? ◇ Cool'n'Quiet technology
On-chip peripherals	▫ Dual channel DDR2 SDRAM memory controller ◇ HyperTransport link

Electrical/Thermal parameters

V core (V) ?	1.2 / 1.25
Maximum operating temperature (°C) ?	55 72

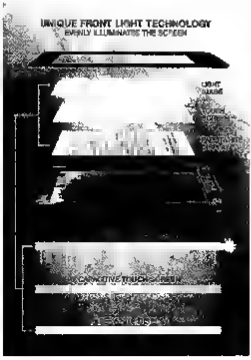
Read in Bright Sunlight with No Glare

Kindle Paperwhite has a matte screen that reflects light the ordinary paper so you can read as easily in bright sunlight as in your living room with no glare.

Read at Night

With Kindle Paperwhite, reading in bed just got better. The patented built-in light illuminates the screen, not the entire screen, so you won't disturb your partner when you can't put your book down at night.

Patented Built-In Light



Patented built-in light

Designed for Reading

Unlike a backlit tablet display, Kindle Paperwhite guides light towards the surface o ink display from above so that the light never shines directly towards your eyes. I you to read comfortably without eye strain. The built-in light illuminates the scree evenly than a backlight or lighted cover.

Perfectly Balanced Whiteness

We worked on Kindle Paperwhite for over two years to perfect the uniformity of t in light, fashioning out a fiber optic cable into a sheet, and micromachining to ensu perfectly even distribution of light. Our design uses nanometer-critical diffractive pa to enable light emitted over the periphery of the light. Enjoy reading with exceptio lighting uniformity and evenly balanced whiteness across the entire display. Kindle screen leads in different lighting conditions.

Adjustable Brightness

Your eyes adapt to the amount of light around you, so you'll prefer dimmer lights reading in a dark setting and brighter light when reading in well-lit surroundings. adjust the brightness of Kindle Paperwhite across a wide spectrum—from low ligh brightness—so you can read comfortably in any setting.

Power Efficient

Because our patented technology enables fine-grain control over where the light i diffused, Kindle Paperwhite uses low-power LEDs—requiring very little power to ev illuminate the entire screen.

Welcome Parents, Teachers, Staff and Father Joe to our Ash Wednesday celebration. Today in Ash Wednesday and we begin the season of Lent. We receive ashes on the forehead as a sign of our human weakness. The ashes remind us that Lent is the time to try harder to become more like Jesus. We try to get closer to Our Lord through a realization of how much he suffered for us. As we begin let us ask the Lord to forgive us for the times that we have been weak and to help us to try harder. Dear Lord help us to understand a little bit more and to love a little more. Help us to live a more unselfish lives. Open our minds and hearts so that we may see better, follow in Jesus' footsteps.

Opening Prayer:
Lord Jesus, Your Passion is the whole of human history.
A Enemy whose ill-gotten gains are humiliation the meek [illegible] the unrighteous [illegible]
and the pure of heart [illegible]
Lord Jesus, we believe that you are the last word
In you the good have already won, in you the meek have already triumphed. In you the honest have received their crown and the pure of heart shine like stars in the night.
Lord Jesus, today we walk once more the way of your cross as we begin this Lenten season. Help us to walk it at your side. One certainly lights up our path: the way does not end at the cross but continues beyond, to the Kingdom of Life: no joy that no one can ever take from us!
O Jesus, we stand in sorrow at the foot of your cross, help us to discover the greatness of freedom and life, grace with you, and to live, joy.
Amen

First Reading: A reading from the letter of Paul to the Colossians

- "Because you have been chosen by God, he kind to others, be humble and patient. Bear with one another. If someone hurts you, forgive him just as the Lord would forgive you. Above all, love one another for if you have love, you have everything. Be peacemakers and let peace be in your hearts. Be thankful. Let the Word of Christ dwell in your hearts, and teach his Word. Sing gratefully to God from your hearts. Whatever you do in words or deed, do in the name of Jesus and wherever you go give thanks to God the Father through him."
- This is the Word of the Lord
- Response: Thanks be to God

Brian P. Kemp
Secretary of State

April 09, 2013

WHO MAY EXECUTE A REINSTATEMENT APPLICATION?

Prior to submitting your application for reinstatement, please note that effective July 1, 2008 the following changes were made to the law with regards to who may execute a Reinstatement Application.

Profit Corporations

(3) Either is to be executed by

- the registered agent or
- an officer
- director
  or shareholder of the corporation

In each case as set forth in the most recent annual registration of the corporation filed with the Secretary of State or be accompanied by a notarized statement, executed by a person who was an officer, director or shareholder, or on his/her successor or assign of a person who was an officer, director or shareholder of the corporation at the time that the corporation was administratively dissolved, stating that such person or decedent was an officer, director or shareholder of the corporation at the time of administrative dissolution and such person has knowledge of and assents to the application for reinstatement. O.C.G.A. 14-2-1422 (a)(3)

Note: **If the filer of the Reinstatement Application is not authorized to execute the filing, then a notarized statement, as required above, must be submitted along with the application. Failure to do so will result in the delay or forfeiture of your filing.**

Students may use their refund for off-campus living expenses, indirect expenses or any other education expenses for the term including Portfolio submission and Incentive credits. Once the excess funds are awarded it is the student's responsibility to retain the funds needed to pay for additional tuition and fees. Students who have received student loans, have a credit balance and do not need the excess funds for educational related expenses should consider returning some of the credit balance to the lender to reduce their debt.

USB to Serial Adapter Driver Information

The supplied FTDI USB to Stereo Adapter is not supplied to RacerMate with a driver disc. If your computer is connected to the Internet a driver disc is not needed. To install a driver plug the USB adapter into an available USB port and use the Found New Hardware Wizard to search the Internet and install the appropriate driver.

If the computer being used with your trainer isn't connected to the Internet, then download the driver using any computer with Internet access and transfer the downloaded driver executable to your trainer computer using either a USB drive or burn it to a CD-ROM, if necessary.

To download the driver, it can be found here
http://www.computrainer.com/rm_inc/software_updates.htm.

If these options do not work for you, please contact RacerMate at 206-524-6625 or email us at service@computrainer.com and we'll burn you a CD with the driver and send it to you via US mail

Thank you for your consideration.

EPSON
EXCEED YOUR VISION

As some must be sent by Nov 22, 2015
Refer to your return agreement

Additional instructions for mailing your package

- Ensure that there are no other mailing labels on your package. If you are shipping a non-hazardous item, completely remove or cover any hazardous materials markings
- After the mailing label typically gets the tracking code of the parcel. Covering up any previous delivery address and barcode without removing any adjacent text.
- Take the package to a UPS location. To find your closest UPS location, visit the UPS Drop Off Locator or go to www.ups.com.

Return Mailing Label

Cut the label and affix to the outside of the return package.

Return Authorization Slip

Place this section, and pale description inside your return package in case your mailing label gets damaged.

EPSON
EXCEED YOUR VISION

Did it work?

Congratulations, you have successfully installed your new Epson printer!

Here are some tips for getting great prints.

- Genuine Epson inks have been engineered to deliver stable, long-lasting photographic quality when used with Epson papers
- To protect your photos: frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with Epson printers and genuine Epson ink
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information

Drivers & Support

Downloads, FAQs, Help, and more...

Get quick answers to your questions by going to **epson.com/support** and choosing your product. There you'll find FAQs, documentation, interactive troubleshooting guides, and an easy way to e-mail Epson.

S. Main Street in Philippi. Volunteers are needed to help with various tasks, including, but not limited to: checking in produce that is dropped off by the growers; getting produce properly displayed on shelves and in coolers maintaining produce condition; assisting customers; running the cash register; keeping the market areas clean; the market's coffee and donut shop areas also need help with making donuts (a task for those early risers); making and serving coffees, teas, and specialty drinks; and dish washing and routine clean up.

Summer Feeding Program. This summer Heart and Hand House is partnering with the Philippi Library for a summer feeding program. We will be providing brunches to children from 11:30 a.m. to 12:30 p.m. Monday-Friday, at the Market Place, beginning Monday, June 22 through Friday, July 17. We need a couple volunteers each day to hand out lunches and keep an eye on the children while they eat. Food is provided, ready to go, so there is no preparation req uired. If you can help – whether it's for multiple days, one day a week, or even just a few hours a day – your assistance would be greatly appreciated. Please contact the Heart and Hand House office at 304-457-1295 for more information or to sign up as a volunteer! We can't do what we do without you

--"North Central West Virginia Teens Encounter Christ invites everyone, ages 16-24, to spend three days on a retreat that will change your life from July 18-20, 2015 at Immaculate Conception Church, Fairmont, WV Cost: $50 but don't let the expense keep you away. Financial assistance is available. Come over and spend some time talking and learning about faith with people your age. Questions? Please speak to Jim Yaquinta 304-838-1927 Becky DeVito 304-657-8357 or Marge McCawley 304-376-4833. For registration information, email nowstep@gmail.com Applications can be found on the lobby

"Looking for some Catholic community? All Catholic young adults between the ages of 18 and 30 are invited to attend a Ice Cream Social on Sunday, July 5 at 7:00 PM located at All Saints Catholic Church in Bridgeport. Twenty five year old, newly ordained Deacon Brian Crenwelge will give a talk on the importance of being young and Catholic followed by a discussion. Please note that this event is not just for singles. Hope to see you there! (And if you know anyone who may be interested please help spread the word!)

"RELIGIOUS EDUCATION for the children is over for the summer and will resume once school resumes.

--REMEMBER to pray for all the requests listed for our "Prayer Request" book in the vestibule.

--"FAMILY PERSPECTIVE **By Rod Ozar**

Just as the apostles in today's gospel were amazed at the power of Jesus so our children are amazed at our lack of fear of dark rooms or monsters in closets or under beds. As the apostles depended on Jesus, children depend on us to restore quiet to their lives. Getting out of bed at night to quiet a child's fears is the stuff of holiness

--BLESSED SACRAMENT CHAPEL Those who would like quiet time before Mass are invited to use the Blessed Sacrament Chapel. Feel free to close the doors if necessary.

-- MASS INTENTIONS ARE NEEDED! Mass Request forms can be found in the hall across from the Nursery

--"OFFERTORY for **June 14th** **ATTENDANCE 55**

revolutionary. To the sentimental, Jesus is a babe in a manger or a corpse on a cross, or a man whose portrait hangs on the living room wall.

But perhaps the most, Jesus is a great moral teacher, a good man, maybe even the best, but surely only a man. While this answer is better than some, it totally contradicts the claims of Jesus Himself.

Faced with angry Jewish leaders accusing Him of illegitimacy, Jesus said, *Your father Abraham rejoiced to see my days and he saw it, and was glad.*

Then the Jews said to Him, *Thou art not yet fifty years old, and hast thou seen Abraham?*

Jesus answered, *Verily, verily, I say unto you, Before Abraham was, I am.*

Then took they up stones to cast at Him. (See John 8:56-59.)

Why? Because they understood that Jesus was here claiming to be divine, one with God Himself. Later He directly said, *I and my Father are one* (*John 10:30*). Another time He claimed power to forgive sins, an action His critics rightly reserved for God alone.

Jesus' critics, then, were right in this much at least: they did not prattle about how good He was while at the same time denying His claim of being divine. Either they accepted Him as the true Son of God, one with God and equal to Him, or else an evil man to be destroyed. Either God or a bad man. Either Lord or liar. And those are still the options today.

Jesus followed His first question with a more personal one, *But whom say ye that I am?* And He was well pleased with Peter's answer: *Thou art the Christ, the Son of the living God* (*Matthew 16:16*).

What is your answer to Jesus' question? It is of eternal consequence. *He that believeth on the Son hath everlasting life: and he that believeth not the Son shall not see life, but the wrath of God abideth on him* (*John 3:36*). ❑

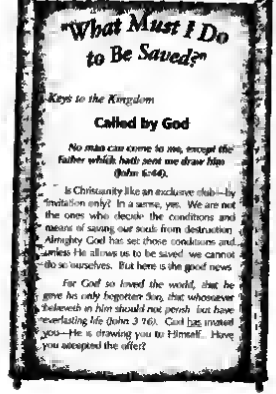
Holy Spirit Guidance

It happens time and again. A hiker enjoying the wilderness, forgets to watch where he is going. He strolls along, enjoying the surrounding nature. Time passes and he decides to turn around. Suddenly he looks around, startled and bewildered. Which direction should he head to return? He is lost!



"What Must I Do to Be Saved?"
Keys to the Kingdom
Called by God
No man can come to me, except the Father which hath sent me draw him (John 6:44).

Is Christianity like an exclusive club—by invitation only? In a sense, yes. We are not the ones who decide the conditions and means of saving our souls from destruction. Almighty God has set those conditions and carries He allows us to be saved we cannot do so ourselves. But here is the good news:

For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life (*John 3:16*). God has invited you—He is drawing you to Himself. Have you accepted the offer?

The woods are not the only place to get lost. We can easily get lost in the maze of life's choices. Life's choices can lead us if not inside properly. The Bible in God's map containing commands and principles to guide our choices. Not all questions are directly answered in the Bible. Like a compass, the Holy Spirit helps the Christian apply those principles to everyday life. *Howbeit when he, the Spirit of truth, is come, he will guide you into all truth* (*John 16:13*).

Just as a compass must be used properly so a Christian must carefully use Holy Spirit direction to avoid getting lost. Here are a few rules for following Holy Spirit direction.

We use a compass not a map together. A compass is far more effective if we have a map to orient us. God's Holy Spirit works in conjunction with His Word. *But the Comforter, which is the Holy Ghost, whom the Father will send in my name, he shall teach you all things, and bring all things to your remembrance, whatsoever I have said unto you* (*John 14:26*). God speaks through His Spirit as we read the Bible, helping us to understand what we read. We can be sure that God's Spirit will agree completely with His Word. *For there are three that bear record in heaven, the father, the Word, and the Holy Ghost, and these three are one* (*1 John 5:7*).

We use the compass before we get lost. A compass helps little if consulted only once we are thoroughly lost. We must constantly track our direction of travel if we wish to reach our destination. A sincere Christian will constantly seek God's direction through the Holy Spirit. By continually heeding God's Spirit we understand how today's choices affect tomorrow's destination. Holy Spirit enlightenment is given to those who sincerely and humbly ask for it. *If any of you lack wisdom, let him ask of God, that giveth to all men liberally, and upbraideth not; and it shall be given him* (*James 1:5*).

SPECIFICATION SHEET

MODEL 685
FAN/LIGHT

Quality and reliable duty at each installation location.

FEATURES

- 4 Sones
- Attractive white plastic grille and lens
- Durable, rattle free grille accepts up to 100W incandescent bulb (not included)
- Removable grille for cleaning
- Quiet, high performance motor
- Optional ceiling cover kit

INSTALLATION

- Quick, easy installation and removal
- Factory pre-wired motor harness for quick, accurate installation
- Tapered polymeric end fittings with built in tension pockets allow for installation in a variety of ceiling thicknesses

CODE COMPLIANCE

- Listed to UL 705 standard for Power Ventilators
- Listed to UL 1598 standard for Luminaires
- Suitable for use in damp locations

SPECIFICATIONS

VOLTS	WATTS	AMPS	SONES	CFM	DUCT
120	41.0	0.35	4.0	70	4" Round

Specifications based on tests conducted at 0.1" w.g. static pressure in accordance with HVI Publication 916.

HVI CERTIFIED

HVI Certified Home Ventilating Institute certified performance ratings are listed on the HVI Publication 916 Directory. Specifications subject to change without notice.

TYPICAL SPECIFICATION

Fan shall have permanent, self lubricating, ball bearing motor. Motor shall be totally enclosed, thermally protected, and have a built in overload protection. Fan housing, grille and blower wheel shall be constructed of durable, high impact plastic. Fan shall be UL 705 listed for use over a bathtub or shower when GFCI protected. Fan shall be UL 1598 listed for use in damp locations. Fan shall be capable of operating continuously at 0°C (32°F) ambient temperature. Fan shall be rated for 70 CFM at 0.1" w.g. static pressure. Fan shall be rated at 4.0 sones or less when tested in accordance with HVI Publication 916. Fan shall be rated for use with 100 watt maximum incandescent bulb. Fan shall be Broan Model 685 or approved equal.

MyTechHire

MyTechHire offers free innovative employer-driven training in Advanced Manufacturing and Information Technology that can quickly lead to well-paying, high-growth, skilled jobs in these two key industry sectors.

The **Advanced Manufacturing** pathway includes a series of certification courses that combine lecture and hands-on learning. Courses are held at Daytona State's Advanced Technology College. Courses include:

- Certified Production Technician
- NIMS Industrial Maintenance Technician
- Maintenance Operations
- Basic Mechanical Systems
- Electrical Systems
- Programmable Logic Controllers

The **Information Technology** courses are offered in a self-paced online format with open lab opportunities proctored by industry-certified instructors. Examples of certifications covered include:

- Microsoft Office Specialist
- Microsoft Certified Professional
- CompTIA A+, Network+, Security +
- CISCO Certified Network Associate

Homespun Books

Shari Bartels

PO Box 73
Marshall, WA 99029
(509) 434-9041
Shari@HomespunBooks.com

www.HomespunBooks.com

Common Names: Blood Parrot Cichlid, Red Blood Parrot, Red Parrot Cichlid, Red Parrot Fish, Parrot Fish

The Blood Parrot Cichlid is a hybrid fish that was first created in Taiwan in the mid to late 1980's. Its parentage has been highly disputed, but the most commonly speculated pairings are Midas Cichlid (*Amphilophus Citrinellus*) with the Redhead Cichlid (*Paratheraps Synspilum*). Blood Parrots have a round body, a beak shaped head with an upside down triangle mouth. They are often seen in bright orange in colorations, but seen in other colors such as red, yellow, brown, and tan. Other colors have been produced such as green, blue, and purple by dyeing the fish.

Tank Size Required 30 Gallons Minumum. A good rule of thumb is 30 gallon for one and 10 more gallons for each additional Blood Parrot. As with any fish, the bigger the tank the better.

Size and Growth 6 - 9" (15 - 24cm) Blood Parrots grow slow when compared to other Central American Cichlids. Once they hit 4-5" their growth slows further. They typically can live anywhere from 5 - 15 years depending on the care given to them and other genetic factors. When Blood Parrots are small they may show a tan/brown body color with black spots near the tail. These are simply juveniles that should change to orange/yellow as they grow. Some may never change to orange/yellow and stay tan/brown.

Water Conditions Temperature: 78 - 86F (24 - 30C) pH: 6.0 - 8.5 Temperatures should be between 76 - 86F (24 - 30C) but the ideal temperature should be between 82 - 84F (26 - 29C). Temperatures lower than 80F (24C) seems to cause them to be more reclusive and cause the color to be more pale. The ideal pH should be between 7.0 - 8.0.

Feeding Blood Parrots enjoy pelleted foods with occational Blood Worm and Shrimp treats. A smaller pellet size should be used due to their unusual shaped mouths. One of the recommended pellet brands is Hikari Cichlid. If the Parrot has trouble feeding from the surface then it is recommended to switch to a sinking pellet. Thawed shelled peas should be fed once a week to add roughage to the diet to help prevent Swim Bladder problems.

Social Behavior Blood Parrots, especially when young, can be very shy and reclusive. It's typical for them to hide when you first bring them home to hide and/or be very skittish and can take a few weeks for them to adjust to their new surroundings. Some ways for you to help them adjust is to make sure they have several hiding spots and adding some other fish. Removing hiding spots will only make them more shy and could take longer for them to adjust. Blood Parrots like all Central American Cichlids are territorial and not typically suitable for small community fish. If it fits in their mouth or close then they will try to eat it. Given the proper tank Blood Parrots typically get along fine with most Central and Southern American Cichlids although large overly aggressive cichlids should be avoided as tankmates or house with caution. Due to Blood Parrots unusual shaped mouths they cannot cause much damage to other fish.

Health Issues Stress Spots: This is usually mistaken for Neascus (Black spot disease). Blood Parrots sometimes get Stress Spots which are black splotches on the body or fins and this is caused by stress. This is typically present you bring them home but can also show up when in cases of shyness, bullying, breeding, illness, or sometimes nothing at all. The splotches will usually disappear after awhile once the problem is taken care of.

EASY WHEAT BISCUITS

24 biscuits

These tear-off biscuits are a favorite for informal family dinners. Eat one panful now, save the other in the freezer for a rainy day.

1 cup warm water (105° to 115°)
1 package (1 scant tablespoon) active dry yeast
1 teaspoon sugar
¼ cup brown sugar (firmly packed)
½ teaspoon salt, if desired
½ cup wheat germ
1 egg
3 tablespoons butter or margarine, melted
1½ cups whole-wheat flour
1¼ to 1½ cups white flour

1. Place the warm water in a large bowl and dissolve the yeast and 1 teaspoon of sugar. Let the mixture stand until the yeast starts to bubble.
2. Add the brown sugar, salt, wheat germ, egg, butter or margarine, and whole-wheat flour, beating the ingredients until they are smooth. Stir in enough of the white flour to make a dough that is easy to handle.
3. Place the dough in a greased bowl, turning the dough to grease the top. Cover the bowl, and let the dough rise in a warm, draft-free place until it has doubled in bulk, about 1½ hours.
4. Punch down the dough. With greased hands, pinch off bits of dough and shape them into balls 1½ inches in diameter. You should have about 24 balls. Arrange the balls in two well-greased round cake pans (about 9 × 1½ inches); cover the pans, and let the dough rise until it has doubled in bulk, about 45 minutes.
5. Bake the biscuits in a preheated 375° oven until they are brown, about 20 to 25 minutes.

Fire at Miamisburg Restaurant Prompts Evacuation

Posted: 11:47 pm EDT July 3, 2011
Updated: 12:07 am EDT July 4, 2011

Customers and employees were told to evacuate when a fire broke out at a Miamisburg restaurant

People started complaining about smoke before detectors ever went off. They noticed it coming from the back of the Bullwinkle Restaurant on N. Main Street before the fire broke near an electrical panel. Right now, investigators are focusing their attention on that area.

Everyone was able to make it out ok.

The restaurant was closed for the day. It may stay close until inspectors take a look at the damage.

Please take a few moments to be counted.

It's as simple as this:

1)Complete the enclosed questionnaire (Individual Census Report) using a blue or black pen

2)Place the completed questionnaire in the envelope.

3)Seal the envelope.

4)Return the sealed envelope to your Resident Assistant by tomorrow, Tuesday, April 6th.

Thanks for your help!

It's in our hands!

Representative, Customer Relations
US Airways Corporate Office

Case: DB-15THOMAS-H40P16-CSR

ELECTRONIC TRAVEL WITH US VOUCHER

How to Use

1. May not be transferred, sold, or distributed through wholesale travel agents.
2. May be used toward the price of one ticketone fare on US Airways, US Airways Shuttle, and US Airways Express, as well as their codeshare partners. If the price of the ticket is greater than the value of this voucher, you simply pay the difference. If the discount voucher the price of the ticket, no material value will be given. Travel is eligible for Dividend Miles credit.
3. Travel must be via the most direct routing available
4. Travel dates must be determined prior to ticketing
5. Call US Airways Reservations if you have any questions about the use of this voucher and/or to make your reservations. Inform them you will be using this Electronic Transportation Voucher.
6. Once a confirmed reservation is booked, you will be required to pay the current fare and forfeit the voucher
7. Redeem this voucher by calling US Airways reservations at 800-428-4322 or at any US Airways ticketing location

Not Allowed

1. No stopovers permitted.
2. Cannot be combined with any other voucher or any other document.
3. Not applicable toward service or penalty charges including permits baggage fees or pet fees.
4. Not applicable toward the reissue of a previously issued ticket.
5. Prepaid Ticket Service (PTA) not permitted.
6. Not applicable towards a US Airways Vacations package.

Additional Information

1. The tickets and subsequent tickets issued against an E-TUV are non-refundable and have no cash value.
2. Not replaceable if lost, stolen, or destroyed.
3. May not be used on the Internet.
4. Changes are subject to ticketing rules. All terms and conditions must be met. A change fee may apply
5. All applicable taxes, surcharges, and fees are the responsibility of the user and must be paid at the time of ticket issuance.
6. Voucher must be redeemed within one year from date of issue
7. Terms and conditions of this voucher are subject to change without notice.

All City of Tampa police Department Officers are authorized representatives to advise any person to leave these premises, including parking lots. Failure to vacant the premises after being so instructed may result in an arrest for trespass after warning.

Florida State Statute Section 810.09

ADVERTENCIA DE LA POLICIA

Todos los Oficiales del Departamento de la Policia de la Cuidad de Tampa son representantes autorizados a indicarle a cualquier persona que abandonae este local incluyendo las areas de estacionamiento. El negarse a abandoner este local despues de haber sido instruido asi, puede resultar en un arresto por traspasar esta propiedad despues de haber sido advertido.

Estatuto del Estado de Florida Seccion 810.09

Taxes

The following is a summary of taxes billed to your account since your last invoice
HST at 12 % on 111.31 13.36

Balance payable $343.58

BC Hydro is committed to finding the right balance between investing in our aging electricity system rate keeping rates as low as possible. Rates are governed by the BC Utilities Commission (BCUC). The BCUC has approved an interim average rate increase of 3.91 per cent as requested by BC Hydro and has ordered an increase in the rate rider of 2.5 per cent. Both changes are effective April 1, 2012. The BCUC will determine the final rate customer following a revenue requirements application process. If the final rate customer is lower customers will be refunded the difference. For more information visit bchydro.com/rates

Never forget another bill. We'll send you an email reminder when your online bill is due. Switch to paperless billing today at bchydro.com/youraccount and register for E-Mail Reminder

Moving your BC Hydro account is easy. Log in at bchydro.com and click Move Your Service to submit your request. We'll take care of the rest.

Knowledge is power: get outage updates on your iPhone, BlackBerry or other web-enabled device. Visit bchydro.com/mobile for details

To pay by credit card, contact Kubra toll free at 1 888 995-1019 or visit bchydro.com/services and select Ways to Pay. The Credit Card section will have a link to Kubra's site. Kubra is a third party payment service and will charge a user fee to process credit card payments

SERVICE & SUPPORT

Testing Your Fax Machine

After you have connected the fax machine to your telephone line, you can now test to see if is ready to send and receive faxes.

Here's how:

1. Program your full 10-digit fax number into your fax machine.
2. Send a test fax to 1-855-FX-CANON (1-855 392-2666).
3. Once our service receives your fax, a test page will be sent back to the fax number programmed into your machine. This process generally takes 2 to 3 minutes.

Of course, should you need assistance setting up your fax or with any of the steps above, we are here to help. Please refer to our online Knowledge Base / FAQs, Contact Us by Phone or Send Us an Email.

Mr Hansen

Thanks you for c dern on o r the s o of landscaping u your new divisional headqn ers. W re p se phase d mi r p osal rewth for the concept as spread earlier

Since your available area is somewhat limited we suggest a modular layout This concept emphasizes space conservation and yet still provides for a modern pleasing atmosphere

Enclosed are two floor plans. The first one will allow you to keep your present furniture The second was designed with the intention that our new space saving modules be used Notice that the latter will provide for more spacious accommodations and/or room for additional personnel Also included are the specification sheets on these products

After you have had a chance to study our ideas, I would like to set up a meeting during October to discuss any further refinements I will have my secretary make the arrangements Please call me in the interim if you have any questions

Comment

Our intramural quality assurance program includes intradepartmental review of all cases with concurrence on the diagnosis as well as a search of our information system for all previous pathology diagnoses. Previous reports and slides are reviewed if clinically appropriate. There is no charge for these reviews. Internal and external controls were run and all stains performed as expected. Thank you for allowing us to participate in the care of your patient.

Notes

- To assign an item in your inventory to either the left or right d-pad hotkey on the Xbox 360/PS3, or a PC using an Xbox 360 controller, enter the main inventory and make the object a favorite. Then return to the game, open the favorites menu, highlight the item, and press and hold the left or right d-pad hotkey until a small 1 or 2 appears next to the selected item.
- Version 1.2.12.0 does not allow you to assign controls to number pad keys 1-8, returning the error message *'That button is reserved'*. This was fixed in a later version.
- Remapping a key will remap it for all uses, but the game interface will continue to show the default control. For example if "Left Strafe" (A) is remapped to (Q), then you must use Q for lockpicking although the interface will continue to direct you to the A key for lockpicking. The "Change POV" key is similarly bound to the in-menu "Favorites" toggle.
- When switching the attack buttons (RT and LT) with (RB and LB) you will be unable to block properly and can only use the power or shout currently equipped.
- To adjust the distance of the camera in third person mode, right click and hold the right analog stick, then move the left analog stick vertically.

HP Customer Support

Testing Your HP Fax Machine with the HP Fax Test Service

Print Share Feedback

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test service. It includes instructions for easy reference by faxing the document to a test phone number and can be printed for

Test your fax machine

To test the compatibility of your fax machine, send to the dedicated fax test number.

NOTE: The free fax test phone number is not Caller ID blocked by your telephone company. Enable Caller ID to send your fax. Preventing Caller ID from blocking the HP fax test number will enable the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including "do not call," call blocking, or call privacy features.

NOTE: Some countries or regions do not support the HP Fax Test service. If you are unable to send a fax to the HP Fax Test service, please contact your local support center for assistance. For a list of telephone numbers for HP support centers in your region, visit the HP Support Assistant website. If you are unable to find support for your country or region, contact your local dealer or go to the HP website for your country or region.

1. Send a one-page black and white test fax to 1-800-HPFAXME (1-800-473-2963).
2. When your fax is received by the HP Test Fax Station, we will generate a return fax to you which may take several minutes. This will confirm that your fax machine is able to both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The maximum number of fax pages that can be sent to the fax machine test number is limited by the number of fax pages that are supported by the fax machine and by the full multi-function scanner memory of the sending fax machine. For more information, see your user manual, click Contact HP at the top of this page.

Important Update

Alternately, at the sign-on page, you will be shown the following update alert near the top of the browser window:

⚠ This security update requires the following add-on: SecureX.sig from FastPage.biz. If you trust the source and wish to install it, click here.

This message indicates that you need to install an updated version of the "FastPage.sig" file that currently resides on your computer. To do so:

1. Access the sign-on page, click the yellow bar
2. Select the option to install the updated file.
3. Click the Select button.

Note: If you do not have administrative rights to your computer, you will not be able to install the update. Contact your IT staff for assistance.

You may sign on and continue to use the system as usual.

If you have any further questions, please contact FastPage Product Support at (888) 794-9154

Fax Answers

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

This entry is filed under Fax Machines.

Saddle Suit and Shadbelly Coat Rentals

Renting a Saddle Suit is a nice option for growing children or adults who may be unsure about their future needs

We maintain a good supply of Ladie's Men's ,and Children's 3 piece Saddle Suits and a limited number of Formal Suits Shadbelly Coats are also available for Women and Children Professional alterations are allowed but one must not cut and remove excess fabric Minor alterations(those up to 1) need not be reversed before returning Please make sure that Children keep their pod cuffs turned up while unmounted as hems are easily frayed Most suits are a dark navy pinstripe or medium gray p natripe There are a few browns and other colors

Season Rental-$150(6 months)Additional Time(up to 2 months) can be given if needed at no extra charge
Single Show Rental-$75(1 month)

If you receive a suit that doesn't fit, you may return it immediately for a refund or exchange

There is a $50 Deposit on all rentals that is refunded when the suit is returned on time dry cleaned and in good condition We occasionally have a Hartmeyer Elite Premier or other High Quality Custom Made Saddle Suit

Suits that cost $1,500 and up new if in excellent condition rent for $400 per season

HOJA DE INSTALACIÓN DEL SOPORTE DE MONTAJE DE LA LAVAVAJILLAS

⚠ ADVERTENCIA

Peligro de Peso Excesivo

Use dos o más personas para mover e instalar la lavavajillas.

No seguir esta instrucción puede ocasionar una lesión en la espalda u otro tipo de lesiones.

⚠ ADVERTENCIA

Peligro de Vuelco

No use la lavavajillas antes de estar completamente instalada.

No se apoye en la puerta abierta.

No seguir estas instrucciones puede ocasionar heridas serias o mortales.

IMPORTANTE:

La lavavajillas deberá estar asegurada al armario. Los dos soportes de montaje pueden sujetarse al mostrador si es de madera, laminado u otra superficie similar. Si el mostrador es de mármol, granito u otra superficie dura, no se podrán usar soportes para el montaje superior.

Si se requiere el montaje lateral:

Opción A: Si su lavavajillas fue suministrada con una tira de plástico, pele el soporte de montaje. Pieza número 8212980

Opción B: Si su lavavajillas tiene una tira de metal inoxidable, consulte las instrucciones de instalación.

Herramientas y piezas

Reúna todas las herramientas y piezas necesarias antes de comenzar la instalación. Lea y siga las instrucciones provistas con cualquiera de las herramientas enlistadas aquí

Herramientas necesarias

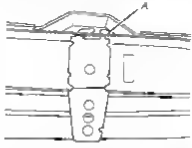
- Phillips

Piezas suministradas

- Soportes de montaje (2)

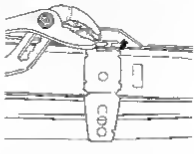
Cómo instalar los soportes de montaje

1. Saque los soportes del paquete y colóquelos en las ranuras abiertas que están en el lado superior izquierdo y derecho del costado de la lavavajillas, como se muestra.



A. Las lengüetas deben estar hacia la derecha.

2. Inserte el soporte a través de la ranura en el costado. Doble hacia abajo la lengüeta con unas pinzas para asegurar el soporte en su lugar. Repita este paso para el otro lado.



NOTA. Consulte "Asegure la lavavajillas en la abertura del armario" en las instrucciones de instalación cuando continúe con la instalación de su lavavajillas.

enforcement, in courtroom to explain your absence. The make-up exam will be administered in the LSC-Tomball Assessment Center. For make-up of the Final Exam, you will need to make arrangements with the Dean of the college, who will decide if there is a legitimate cause for your absence and arrange for the make-up test, at the Dean's convenience.

> The Interview Paper and the Book Report must be turned in on time or it can be turned in early. Twenty points will be deducted for the first day (NOT the first class period) that the paper is late. After that, the grade will be a zero. If you are going to be absent on a Friday, send the paper to the class by another means. Plan ahead!

Cell phones and beepers Students are expected to turn off cell phones and any other electronic device. If there is a reason to have a phone on (i.e. family emergency, on-call at work) please turn it to the vibrate mode. Students should not be answering phone calls during class time. If you have an emergency such as from a babysitter, please step out of the room to have your *brief* conversation. *If an electronic device rings or is seen and on a desk the student will be asked to leave the class for the day and will be counted as a absent from class.*

> Laptops: Many students benefit from the use of laptops for typing class notes. However, if the student is doing non-related class activity such as surfing the internet or emailing, the student will be asked to put the laptop away and not bring it to class again. If the keys on the computer are noisy and the tapping is annoying to other students, you may be asked to turn off the computer.

WITHDRAWAL POLICY

Withdrawal from the course after the official day of record (see current catalog) will result in a final grade of "W" on the student transcript and no credit will be awarded. Prior to the official day of record, it is the student's responsibility to initiate and complete a request for withdrawal from any course.

If you are considered a first-time college student, as now law was passed in Fall 2007 that limits to six the number of courses you may drop (withdraw with a grade of "W") while enrolled at any Texas public institution of higher education. A first time college student is a student not currently enrolled in high school and who has never taken a college or university course anywhere at any time.

If you are under dropping this course during the semester you might want to get advising prior to dropping and get information about the Six-Drop Rule.

ACADEMIC INTEGRITY

The Lone Star College System upholds the core values of learning, honesty, respect, fairness, and accountability. We promote the importance of personal and academic honesty. We embrace the belief that all learners – students, faculty, staff and administrators – will act with integrity and honesty and must produce their own work and give appropriate credit to the work of others. No fabrication of sources, cheating, or unauthorized collaboration is permitted on any work submitted within the District.

Consequences for academic dishonesty to be determined by the professor or the professor and Academic Dean or the professor and Chief Student Services Officer can include but are not limited to: 1) having additional class requirements imposed 2) retrieving a grade of zero or "F" for an exam or assignment, 3) receiving a grade of "F" for the course, 4) being withdrawn from the course or program 5) being expelled from the college district.

Professors should clearly explain how the student's actions violated the academic integrity policy, how a grade was calculated, and the actions taken.

SOFTWARE PIRACY

Law strictly prohibits unauthorized copying of software purchased by LSC-Tomball for use in laboratories. The LSC Tomball administration will take appropriate disciplinary action against anyone violating copyright laws.

COMPUTER VIRUS PROTECTION

Computer viruses are unfortunately a fact of life. Using the diskettes on more than one computer creates the possibility of infecting computers and diskettes with a computer virus. This exposes the computers of the college, your personal computer and any others you may be using to potentially damaging viruses. The college has aggressive anti-virus procedures in place to protect its computers, but cannot guarantee that a virus might not temporarily infect one of its machines. It is your responsibility to protect all computers under your control and use and ensure that each diskette you use, whenever it is wherever you use it, has been scanned with anti-virus software. Since new viruses arise continually, your anti-virus software must be kept current. And, since no anti-virus software will find every virus, keeping copies of data (backups) is extremely important.

Subject. Fwd: Forward to a colleague who might benefit

Hi [NKNAME],

Our 2016 seminar dates for Las Vegas and Boston are set!

Learn how utilities make money Our unique Utility Finance and Accounting Seminars explain why accounting is more important at utility companies than other firms Using accounting in setting rates is not taught in college!

The NON-FINANCIAL PROFESSIONALS seminar is for people who work for or with regulated utility companies but do not have a finance or accounting background

LAS VEGAS — Apr 13 – 16, 2016
BOSTON — Oct 6 – 7, 2016
LAS VEGAS — Oct 12 – 14, 2016

CPE Credit and CLE Credit are available

The more advanced FINANCIAL PROFESSIONALS seminar is for people who work in finance, accounting or rates

LAS VEGAS — Apr 18 – 20, 2016
BOSTON — May 26 – 27, 2016
LAS VEGAS — Oct 17 – 16, 2016

CPE Credit is available

Over 30 000 people from 1,000+ utilities have taken these two seminars See testimonials from your company - we have over 2 000 quotes

Email us about customizing a seminar for your company

Thanks

Joel

Financial Accounting Institute

P S Did you know the vast majority of our attendees are referred by a co-worker? **Please forward this email to a colleague** because they would really benefit

Hello
World

GEAR ADVISORS

IT'S OUR MISSION TO HELP YOU TO GET OUT AND RIDE, EXPERIENCE, AND EXPLORE.

< How to install the software>

To print from your computer and mobile devices, you need to install the software onto your devices.

For Windows

1-1 If your computer has a CD-ROM/DVD-ROM Drive

Put the CD-ROM into your CD-ROM/DVD-ROM drive.

1-2 If your computer does not have a CD-ROM/DVD-ROM Drive

Download the drivers on your model's download page at:

solutions.brother.com/windows

For Macintosh

Download the drivers on your model's download page at:

solutions.brother.com/mac

For Mobile devices

1-1 Brother iPrint&Scan app (Android™/iOS/Windows Phone)

To Print and Scan from your mobile devices, download and install the Brother iPrint&Scan app from your mobile device's application download site:

solutions.brother.com/isa

1-2 Apple AirPrint(iOS)

To print from your iOS device you do not need to download any software.

Your mobile device and machine must be connected to the same wireless network (access point/router). Please see above sits for instructions on how to connect your machine to a wireless network.

HP Consumer Support

Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service. Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE: Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE: Whenever troubleshooting a fax issue it is good practice to set the Automatic Reports option to **Every Error** before attempting a test fax. This way, even if the test fax fails an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product User's Guide for specific steps.

1. Send a one page black and white test fax to **1-888-329-2xxx** (1-888-473-2963).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

History 121
George Washington Project
Mount Vernon Visit Assignment

For this assignment you will take photographs while you visit Mount Vernon. Using five to seven (5-7) of these photographs you will make a "picture book." Each photograph must reflect a significant aspect of George Washington's life. Therefore, for each photograph you will write a paragraph explaining the picture and relating the significance, especially as it might reflect how Washington handled events in his personal and public life. You can use images that relate to his childhood, to his home life as an adult or to his military and political careers.

Should you wish to use images from inside the main house (taking photos is not allowed inside) postcards are available at the visitor center. However, postcards must comprise no more than two (2) of the images that you choose to describe. Taking photographs off the Internet is not permitted and will result in a failing grade. The object of this project is to give the student the experience of visiting the Mount Vernon plantation in person.

Important considerations for ShoreTel not vs T.38 support

- In order to have fax calls re-directed to the target site T.38 needs to be set up to use SIP Trunks. Having T.38 setup as a SIPOM server will place all faxes into one folder.
- The fax machine/fax server behind ShoreTel PBX should disable V.34 feature to avoid using the G711/Loss clear channel
- V.34 faxes are not supported. Customers who have upgraded to ShoreTel 11 and higher, models sold utilizing V.34 modem/Super Group3 fax at the higher rate will continue to work through T.38 however, the performance will be reduced to the lower rate. Changing the sent rate from T.38 data terminal/fax server will not guarantee the higher rate automatically. The only alternative is based on the network conditions and signal noise ratio over the link. A speed of up to 14400 bps is supported with V.29
- ShoreTel only supports T.38 in-band form. T.38 calls in RTP or TCP form are not supported
- ShoreTel does not support either IP media or RFC2833-based fax tone detection (in RFC2833, ShoreTel only supports DTMF relay and telephony events), therefore ShoreTel cannot switch fax tone coming from an SIP end-point with the exception of a SIP connection that is established with a physical port on the ShoreTel Voice Switch. In this case, the ShoreTel Voice Switch can detect a fax tone from the SIP endpoint and either switch to fax mode or not reject the call
- ShoreTel supports an fax CNG tone if there is T.38 re-invite to redirect the call to a fax gateway. If the fax conversation is initiated with an a SIP based endpoint (such as 5 IP extension or SIP Trunk), ShoreTel cannot re-invite the SIP re-invite to either initiate a fax connection or redirect the call to a preconfigured fax device
- T.38 support is not supported in SIP-BRI
- Capacity: Each ShoreTel Voice Switch supports up to 8 concurrent faxes over T.38. GPI supports up to 120 concurrent faxes per physical server
- The maximum faxable voice faxes per switch can only be achieved in 1 direction

Fax Answers

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855 330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

The Fourteen Hundred

Did you know that being familiar with approximately 1400 Latin words enables you to read almost any Latin text without having to use the dictionary more than a couple of times per page? Those 1400 words make up what is called the basic Latin vocabulary. At least 80 per cent of any Latin text is made of words belonging to the basic vocabulary.

The following word list is based mainly on E. Habenstein, E. Hermes, H. Zimmermann *Grund- und Aufbauwortschatz Latein* Stuttgart: Ernst Klett Schulbuchverlag 1990. (The book itself is very intelligent and quite handy - a great relief for the beginner.) You may wish to keep this list for future reference, so that you can either (1) read it and mark the entries you do not recognise, then build up your vocabulary by learning those first, or (2) use it while you work on a Latin text to decide whether a word you are looking up in the dictionary deserves special attention.

Eye halve a spelling chequer
It came with my pea sea
It plainly marques four my revue
Miss steaks eye kin knot see

Eye strike a key and type a word
And wee ght four it two say
Weather eye am wrong oar write
It shows me strait a weigh

As soon as a mist ache is maid
It nose bee fore two long
And eye can put the error rite
Its rare lee ever wrong

Eye have run this poem threw it
I am shore your pleased two no
Its letter perfect awl the weigh
My chequer telled me sew

low income community Advocates serve clients including individuals already interacting with the justice system, individuals returning home from incarceration, and any low-income community member in need

Advocates participate in an intensive training program where they learn about the work they will do and the communities they will join They are supervised by attorneys in their host office while partnering with a network of *pro bono* civil attorneys and community organizations to ensure clients receive the holistic support they need Advocates also receive regular mentorship and support from PFJ s national team

Advocates work one-on-one with their clients to solve problems creatively and flexibly, reaching out to our network when a solution isn't forthcoming During their service, Advocates may help keep families housed, save jobs, retrieve vital property from seizure, help clients access essential health care and fight against detentions or deportations They will have also had a deeply meaningful public service experience and created a real difference in the lives of their clients.

General Pre-Existing Condition Exclusion Notice

This health plan has a pre-existing condition exclusion, meaning that if you have a medical condition before joining our plan, you might have to wait a certain period of time before we will provide coverage for that condition. This exclusion applies only to conditions for which medical advice, diagnosis, care or treatment was recommended or received within the prior six month period. Generally, this six-month period ends on the day before your coverage becomes effective. However, if you are in a waiting period for coverage, the six-month period ends on the day before the waiting period begins. The pre-existing condition exclusion does not apply to pregnancy or to a child who is enrolled in the plan or who has other creditable coverage within 30 days after birth, adoption or placement for adoption.

If you are enrolling in the plan as a late entrant and you have a pre-existing condition, this exclusion may last up to 18 months from your first day of coverage, or, if you were in a waiting period, from the first day of your waiting period. However you can reduce the length of this exclusion period by the number of days of your prior creditable coverage. Most prior health coverage is creditable coverage and can be used to reduce the pre-existing condition exclusion if you have not experienced a break in coverage of at least 63 days. To reduce the 18 month exclusion period by your creditable coverage, send a copy of any certificates of creditable coverage (Health Insurance Portability and Accountability Act (HIPAA) certificates) to Health Alliance, 301 S. Vine St., Urbana, IL 61801. If you do not have a certificate, but have had prior health coverage, we will help you obtain a certificate from your prior plan or insurer. There are also other ways you can show that you have creditable coverage. Please, contact us if you need help obtaining proof of creditable coverage.

Each HIPAA certificate (or other evidence of creditable coverage) will be reviewed for authenticity. Submission of a fraudulent HIPAA certificate would be considered a federal health care crime under HIPAA.

All questions about the pre-existing condition exclusion and creditable coverage should be directed to the Health Alliance Customer Service Department at 1-800-851-3379.

Health Alliance

Today we mourn the passing of a beloved old friend, Common Sense who has been with us for many years. No one knows for sure how old he was since his birth records were long ago lost in bureaucratic red tape.

He will be remembered as having cultivated such valuable lessons as: Knowing when to come in out of the rain; why the early bird gets the worm; Life isn't always fair, and Maybe it was my fault.

Common Sense lived by simple, sound financial policies (don't spend more than you can earn) and reliable strategies (adults, not children, are in charge). His health began to deteriorate rapidly when well-intentioned but overbearing regulations were set in place. Reports of a 6 year-old boy charged with sexual harassment for kissing a classmate; teens suspended from school for using mouthwash after lunch, and a teacher fired for reprimanding an unruly student, only worsened his condition.

Common Sense lost ground when parents attacked teachers for doing the job that they themselves had failed to do in disciplining their unruly children. It declined even further when schools were required to get Parental consent to administer Calpol, sun lotion or a band-aid to a student; but could not inform parents when a student became pregnant and wanted to have an abortion.

Common Sense lost the will to live as the Ten Commandments became contraband; churches became businesses and criminals received better treatment than their victims.

Common Sense took a beating when you couldn't defend yourself from a burglar in your own home because the burglar could sue you for assault.

Common Sense finally gave up the will to live, after a woman failed to realize that a steaming cup of fresh-brewed coffee was hot. She spilled a little in her lap and was promptly awarded a huge settlement.

Common Sense welcomed Deaths embrace when a group of spoiled college drop-outs easily swayed by a Canadian advertising agency bent on destroying capitalism, gathered to illegally take over a park blocks away from Wall Street to protest absolutely nothing while claiming they had a reason to be there.

Common Sense was preceded in death by his parents, Truth and Trust; his wife, Discretion, his daughter, Responsibility and his son, Reason.

He is survived by his 3 stepbrothers, I Know My Rights, Someone Else is To Blame, and I'm A Victim. Not many attended his funeral because so few realized he was gone.

Fake Surveys.
Get Paid.

Dr Arthur Chandler

ZoomRx makes it simple for you to participate in market research surveys and earn honoraria. You will find ZoomRx surveys to be interesting and relevant to your clinical practice. You can earn up to $290 right now by completing three surveys:

- Hemophilia A survey for $75
- Hemophilia B survey for $75
- Multiple Myeloma Survey for $90

Bonus • A bonus of $50 bonus will be paid if you complete both Hemophilia A and Hemophilia B surveys

To get started—

1. Log on to ZoomRx on your smartphone or online
   - Search for "**ZoomRx**" on Apple or Android App Stores to download the app
   - Visit **zoomrx.com/nverslogin** to take surveys on desktop/laptop
2. Login
   - Temporary Username: **AChandler2@uneptune.com**
   - Temporary Password: **Hp[.8214e**
3. Take your first survey NOW!

9 Click "Next" and then click "Finish"

ii) Uninstalling the LAN-Fax driver from
Microsoft Windows XP/Vista/7/8/8.1(x86)A
Windows Server 2003/2003 R2/2008(x86)

1 Close all applications.
2 Point to "Settings" in the "Start" menu, and then click "Printers"
3 Select the printer you wish to uninstall
4 Press the "Delete" key.
5 Restart your computer.

(III) Application notes

1 When you choose to print more than one sheet at a time from Microsoft Excel the LAN Fax dialog box may appear multiple times

2 With some display drivers, the desktop screen may not be displayed clearly when you print with the LAN-Fax driver. To solve this problem, change the display settings on the "Display Properties" of the "Control Panel".

3 When the LAN Fax dialog box is shown on the computer screen, some applications' windows may not be redrawn.

4 When the LAN Fax dialog box is shown on the computer screen, some applications' status may become "not responding".

5 Some documents may cause a general protection fault when printing.

6 Some display drivers may cause the document to print incorrectly.

7 The colors on the printed document may differ from the colors on the computer screen.

8 Registering print related device drivers in the config.sys file may cause the document to print incorrectly.

9 The hatching pattern on a printed document may look different from one on the computer screen.

10 With some applications, some graphics objects may not print correctly.

11 When you print multiple copies of non-collated document form Microsoft Word 2002, the document may not be printed correctly.

12 Windows Vista/Windows Server 2008 does not support the help format used in previous versions of Windows. Please download the legacy help application WinHlp32.exe from Microsoft. If help is clicked on a driver that doesn't have the Vista help modules, a prompt will be displayed with a link to WinHlp32.exe.
